Application number: .....

Surname: .....

First name: .....

I hereby declare that I have been informed of the following today:

In order to document that I can support myself, I have to prove to the competent German authorities, that I have adequate financial resources at my disposal.

I was issued with a visa based on the documents I presented.

After entering Germany, I must open a limited-withdrawal bank account and pay in € 861,00 per month to be covered. The competent foreigners authority will require proof of lodgement of funds to cover a period of presumably one year from the date of entry, therefore a total of €10.332.

Only once I have opened the limited-withdrawal bank account and transferred the necessary sum, will the competent foreigners authority issue me with a residence permit for studies.
